The meaning behind the Australia China Friendship Society logo

- The Australia China link is seen at once.
- The Yin Yang design is an ancient symbol, recognised by China and Australia.
- The form of the Yin Yang design creates a sense of motion, two interdependent energies – sharing a relationship.
- It is a smooth design. There are no sharp edges or threatening points.
- Australia is on the left - which is the line of visual flow - it is a positive flow.
- It is a simple design, yet its simplicity gives it strength.
- The rim holds both in reciprocal relationships.
